EDUCATION

Aditya College of Engineering & Technology, Surampalem Expected June 2027
Bachelor of Technology in Computer Science and Engineering **CGPA**: 8.52/10

Languages: Python, Java,C, Html, CSS
Software and Tools: GitHub, Visual Studio Code, Jupyter Notebook, Google Collab
Relevant Coursework: Data Structures and Algorithms, Artificial Intelligence, Database Management Systems

CAREER OBJECTIVE

Aspiring to obtain a challenging position as a Full Stack Developer where I can utilize my skills in front-end and back-end technologies to design, develop, and deploy efficient web applications. Seeking an opportunity to contribute to innovative projects, enhance user experiences, and grow within a dynamic development team.

TECHNICAL EXPERIENCE

Internship Andhra Pradesh State Skill Development Corporation
Webdevelopment using Django Framework May 2025 - July 2025

- During this internship, I worked on developing dynamic and responsive web applications using the Django framework.
- Internship involved both frontend and backend development tasks, integrating Python-based server logic with interactive web interfaces.
- Improved understanding of backend frameworks and RESTful API integration and Gained experience in debugging, testing, and deployment processes.
- Strengthened teamwork and project management skills in a real-world development environment.

PROJECTS

Deployment of Used Car Website Personal Project
College Management System | Group Project July 2025

- Collaborated as part of a 2-person team to Develop a Website with the Help of Django Frame Work in the Visual Studio Code, sublime Editor and in the Git-Hub
- Developed and deployed dynamic web applications using the Django framework with a focus on scalability, security, and user-friendly design.
- Implemented a custom configuration enabling users to securely access the Django web application through a public IP address on any device.

CERTIFICATIONS

- **Google Cloud Certified Generative AI** September 2025
- **Infosys Certified Python for Data Science** October 2025
- **IBM Certified SQL** September 2025
- **EDX Certified Computer Science 101** April 2024
- **AWS Certificate** August 2025
